- 2023 - Present
- Members are aspiring doctors or members of the medical field.
- Doctors and other Medical Professionals come to talk about their experiences in the medical field.

Awards and Acknowledgements

Bronze Level Award – Duke of Edinburgh

This award is awarded to a student who completes the bronze-level requirements for the Duke of Edinburgh (DofE). These requirements are 3 months of a physical activity, 3 months of a skill, and 6 months of a voluntary service. Once you have completed all of this you participate in a 2-day 1-night journey where you and a small team of 5 other students must hike for 6 hours each day with only a map and a compass going from point A to B. At night you must pitch your own tent and make your own food. This journey takes place without adult supervision except at one point each day where you receive 1 bottle of water. On my team I was the group leader which meant I was in charge of planning our route, guiding us along the route, and helping set up the tents.

Grade 9 Leadership Award

This was one of 3 awards that were given out at the end of 9th grade. This award was awarded to the student who demonstrated the most leadership by taking action, helping other students, and helping everything run smoothly during class, grade, or school-wide assemblies.
